

CORVAIR DEGREE WHEEL

version 1.00.00.00.06

http://home.hiwaay.net/~langford/corvaair/degree_wheel.pdf

for the OT-10, ivo 8 ATDC, ivo 36 ABDC
evo 42 BBDC, evc 2 BTDC

5.0"

CHECK SCALE HERE

I used spray glue to mount this to thin cardboard, then removed the inner circle and glued the whole thing to the balancer. Since I now know that my timing marks on my balancer are off by two degrees I'll buy the real thing, but this works great in a pinch! Remove by soaking with laquer thinner.
